,  
**graphic design,**  
**web design**

,  
**e-commerce**

,  
**telemarketing**  
and  
**photography**

When a project requires their involvement, Wearing The Hat creates and manages a project plan, coordinating the activity of our Associates with other project tasks.

The availability of our Associates, each of whom is highly skilled and experienced in their specialist field, provides considerable depth and experience to bring to bear on sales and marketing development projects, covering all areas from corporate and brand identity, company and product launch, marcomms materials, and lead generation through to sales delivery.
